

Uniform

Uniform in dance serves multiple purposes.

- ✓ In performance, our presentation is very important to the overall professionalism of our product. It is good to instill good presentation practices from the beginning.
- ✓ Uniforms also ensure that students are able to complete all required activities comfortably, safely and with appropriate modesty.
- ✓ Furthermore, uniforms allow for clear sightlines for dance tutors to observe techniques and provide appropriate advice and guidance to students.

Uniform is optional in a student's first term of instruction.

Unless otherwise stated, items can be purchase from PW dancewear online, or at 351 Colombo Street, Sydenham. Mention you are from Azure and they will help you find the correct items. They have it in their system.
